The National Center for Missing & Exploited Children (NCMEC) was incorporated in 1984 by child advocates as a private, non-profit 501(c)(3) organization to serve as a national clearinghouse and resource center for families, victims, private organizations, law enforcement, and the public on missing and sexually exploited child issues. To further our mission to help find missing children, reduce child sexual exploitation, and prevent future victimization, NCMEC operates the CyberTipline and Child Victim Identification Program. NCMEC makes information submitted to the CyberTipline and Child Victim Identification Program available to law enforcement and also uses this information to help identify trends and create child safety and prevention messages. As a clearinghouse, NCMEC also works with Electronic Service Providers, law enforcement and the public in a combined effort to reduce online child sexual abuse images. NCMEC performs its programs of work pursuant to its own private mission and independent business operations. NCMEC does not act in the capacity of or under the direction or control of the government or law enforcement agencies. NCMEC does not investigate and cannot verify the accuracy of the information submitted by reporting parties.

Company Information

Google identifies and reports child sexual abuse imagery in accordance with federal statutory definition of child pornography as referenced in 18 USC 2256.

Generally, if a report does not contain an upload IP, it may be because Google does not have the information accessible at the time of the report. To the extent that Google does have a record of the upload IP, it can be disclosed in response to valid legal process.

Account information such as IP addresses and user provided information (such as SMS number or secondary e-mail address) may change over time and/or reflect user provided data that may be inaccurate. This information should be investigated and confirmed independently.

Any account reported in this Cybertip may or may not be disabled in the course of making the report.

For information on which legal process is required for various types of data associated with Google's products and services, please refer to our Transparency Report available here <http://www.google.com/transparencyreport/userdatarequests/legalprocess/>.

If you intend to seek additional data from Google, please reference this and any related CyberTip number(s) prominently in your legal process.

With respect to the portion of this CyberTip containing the heading: "Was File Reviewed by Company?", when Google responds "Yes" it means the contents of the file reported were viewed by a person concurrently to or immediately preceding the sending of the CyberTip. When Google responds "No", it means that while the contents of the file were not reviewed concurrently to making the report, historically a person had reviewed a file whose hash (or digital fingerprint) matched the hash of the reported image and determined it contained apparent child pornography.
